The Problem (1 of 4)

Out of Sight

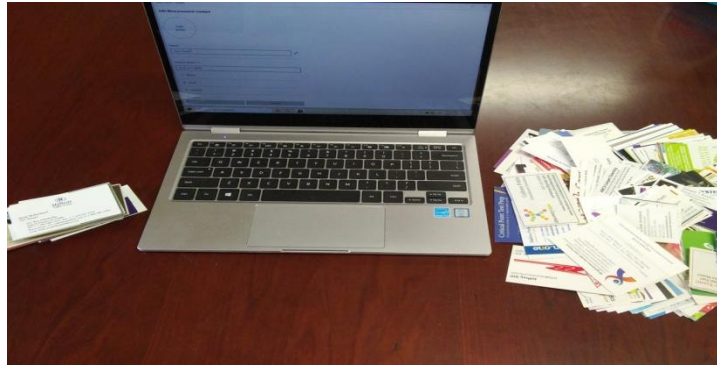

Out Of Mind

- ✓ Are you missing out on thousands or maybe even millions dollars of connections and opportunities?
- ✓ We all collect business cards or contact information in person or online and then review them back at the office. We evaluate their worth to us at that time.
- ✓ A few contacts get inputted or put aside for follow up, but most go into the pile for later input, which never happens, because it takes 3 to 5 minutes to input a contact .

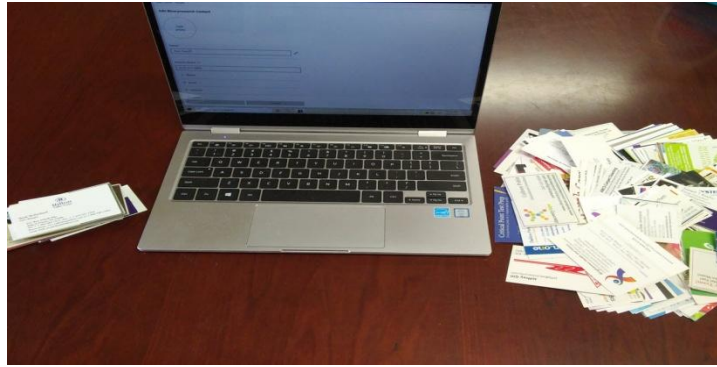

You decide it's just not worthwhile.

The Problem (3 of 4)

- ✓ **Just think if one or two of those contacts within the next year was worth thousandths or millions in connections or opportunities.**
- ✓ *Only, if you had communicated with them over time.*
- ✓ People have tried taking pictures of a business card and OCR the picture. It just does not work 100% of the time. You need to edit the text a lot of the time.

The Problem (4 of 4)

- ✓ We may be able to help you with your existing piles of cards by being able to enter their mobile number and some of their information will appear on eTag365 Mobile App. Making it faster to input the information.
- ✓ No more piles in the further.
- ✓ Contacts cluttering up your phone, Making it slow?

The Answer eTag365 (1 of 9)

How it Works

eTag365 System is a SRM (Sales Relationship Manager) offers three unique ways to collect contact information that no other product offers. They have the ability to retrieve contact information in seconds contactless. eTag365 system also includes Email Follow-up (Drip) System to keep you and your company in the mind of a prospects or connections.

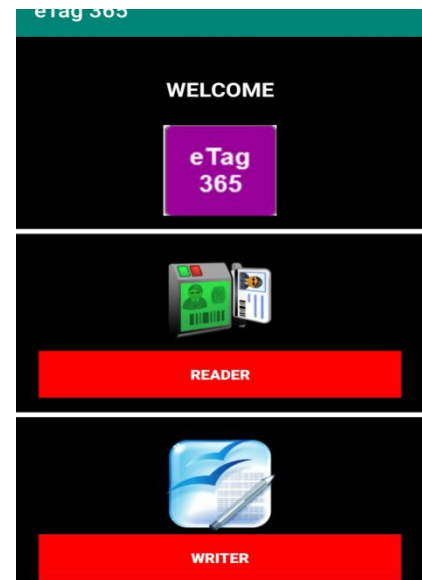

The Answer eTag365 (2 of 9)

How it Works

1) eTag365 Mobile App

eTag365 App is available in the Apple & Google App Stores.

- ✓ **Use Phone Number** - This option allows you to Retrieve By Cell Phone Number. Enter a mobile phone number and eTag365 will look for the contact information within it's cell phone number database of over 100 million mobile phone numbers and show the information it has in the App You can save the information on your phone and upload information with a memo to your eTag365 Contact Manager account in the cloud within seconds contactless.

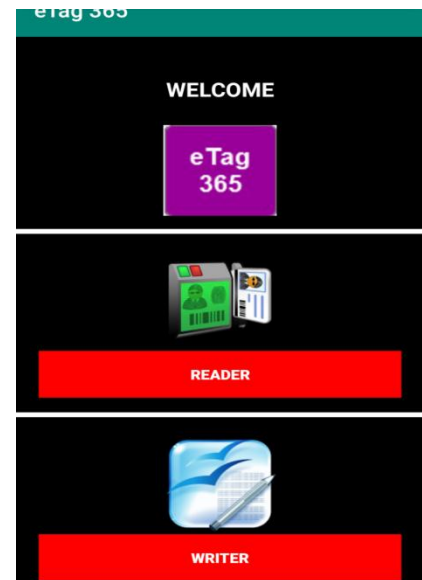

The Answer eTag365 (3 of 9)

How it Works

2) eTag365 Mobile App (continue)

- ✓ **Use NFC Reader / Writer** - This option is patenting pending allows you to read eTag365 NFC Sticker Contact information and send it to your Phone and upload it to your eTag365 Contact Manager database with a memo in to the cloud in seconds contactless.
- ✓ This Option also allows to write and change your contact information on the eTag365 NFC Sticker.

The Answer eTag365 (4 of 9)

How it Works

3) eTag365 NFC Sticker

- ✓ (18mm x18mm) can be put anywhere as long as it does not interfere with the phone's NFC reader.

The Answer eTag365 (5 of 9)

How it Works

eTag365 Text Scraper

- ✓ eTag365 Text Scraper is browser based software tool that is used for online collection contact information. This tool is not perfect but it copies highlights text on your computer and paste it an clipboard which parse information and creates an eTag365 Contact. It's great for scrapping email user information, Zoom Chat info, website information.

Lets check out the video:

C:\temp\etag365_text_scraper_demo.mp4

The Answer eTag365 (6 of 9)

How it Works

1) eTag365 Contact Manager Portal

The Portal is browser based and can be use by any device that uses a popular browser. You can views, stores, Email Follow –up (Drip) system and imports / exports your contact information to your favorite CRM or Accounting Packing when they become a customer.

The screenshot shows the eTag365 Contact Manager Portal login interface. At the top right is the eTag 365 logo. Below it is a form with a dropdown menu for 'United States (+1)' and an input field for 'Enter Cell Number e.g 123-456-7'. A blue 'Next' button is positioned below the input fields. The eTag365 logo and a paw print icon are centered below the form. At the bottom, the copyright notice reads 'Copyright © 2019 - 2020 eTag365. All rights reserved.'

The Answer eTag365 (7 of 9)

How it Works

- ✓ ***One of the most power features of eTag365 System is Email Follow-up (Drip) System.***
- ✓ This allows to set up one introductory email message and 12 other email messages. It will automatically send each of the 12 messages over whatever time span you want.
- ✓ You create message groups by Category and Types. It also has an automatic opt-out system if email receiver does to receive any more emails. They can opt out by clicking a link and you do not need to do anything

The Answer eTag365 (8 of 9)
